# Lunch & Learn Live Webinar

**Online Registration Available at [URPA.org](http://URPA.org) -- Space is Limited!**

## **May Topic:** Discover the Impact of Localscapes: 5 Years of Proven Results

Join us as we explore 5 years of data from a quarter-acre property showcasing smart landscaping strategies designed for Utah's climate. This space features reduced lawn areas, obstruction-free mowing zones, and efficient drip irrigation systems. We'll compare the water use and maintenance time of this Localscape with that of a traditional, lawn-heavy yard. Learn how these practical design choices lead to significant water savings without increasing maintenance time, busting one of the biggest myths about water-wise landscaping. Attendees will walk away with a clear understanding of what works, why it works and how to apply these principles in their own parks, landscapes and public spaces.

**Speaker:** Mike Lorenc, Lead Horticulturist at  
Jordan Valley Water Conservancy District
